Campion Books have launched a New Edition of a popular title...

THE SCOLE EXPERIMENT

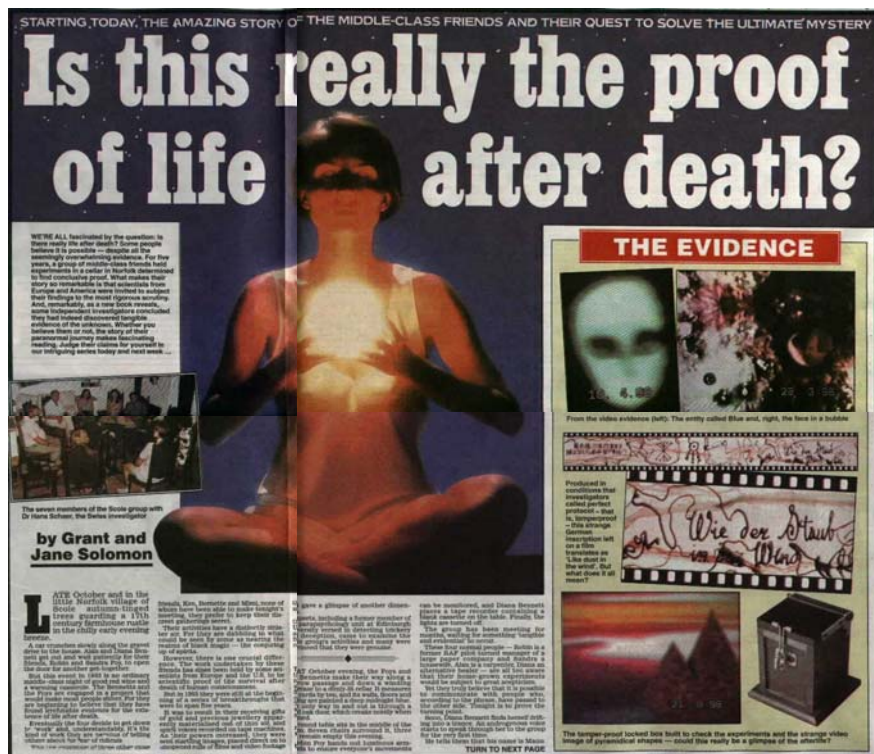

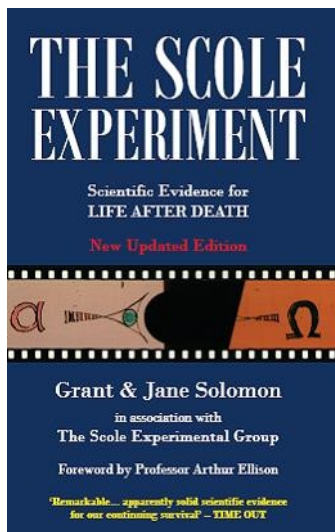

Scientific Evidence for Life After Death

Sunday Times Magazine

Campion Books are delighted to announce that the two main participants in *The Scole Experiment*, Alan and Diana Bennett, are conducting talks and slideshow presentations at which they will be answering questions from the public. The first talk is booked for 26th April 2007. There will be 70 customers attending, who are each paying £20 for a ticket. The local shop organising the talk has already sold over 80 copies of the New Updated Edition (2006).

"Is there life after death? Reading this remarkable book may convince even the most hardened sceptic, with its apparently solid scientific evidence for our continuing survival once we have shuffled off this mortal coil. What distinguishes the experiments chronicled here from other attempts to 'prove' that there is an afterlife are the rigorous protocols under which they were carried out. With chance, coincidence and connivance carefully eliminated, spectacular results were still achieved: handwriting, hieroglyphs and messages appearing on factory-sealed film... and lights dancing in front of impartial observers."
